

HISTORY

Founded in 1967 by Fevzi MALGAZ, our company is now the second generation Sami MALGAZ and Yakup MALGAZ for 43 years with the same pleasure and the same commercial philosophy without compromising on quality in the international arena, representing our country in the best way, has become a jewellery company in the world. Montage Business - Euro Diamond meets with professional jewellery buyers at fairs every year on average 10 domestic and international fairs. Some of them are Istanbul, New York, Munich, Madrid, Moscow, Kiev, Mumbai, Thessalonika, Birmingham city made fuarlardir.firma in all phases of our producing its own a to Z, from the jewellery company from Turkey on our products we birisidir.imal possible to see in almost every city in the world. portf the diamond jewellery buyers in Turkey in professionally related headline is one of the first company that comes to mind. Our company, Montür Is, has been highly appreciated every year for its model production and design studies in our country and abroad. Euro Diamond is a brand known to everyone in the international arena in diamonds and jewellery. That is why our company is proud of this success for both our country and ourselves. All of our diamonds are adorned with natural stones such as emerald, sapphire, ruby and topaz. We do not manufacture synthetic or zircon stones as a company principle. In accordance with the trends of the day, always offering quality and service to our products, our products are kept under our guarantee after sales, unlike the sector in general. We aim to provide the best service without leaving any questions unanswered about our subject by keeping personal customer relations at the highest level. Our company is serving the customers with products suitable for all tastes by adopting trust and honesty as a principle.
